All Else Equal, however, examines 15 years of studies and finds that there is no difference in achievement between students at public and private schools. The authors conclude that rather than looking at the sources of school funding, reformers ought to concentrate on the community in which schools operate as the more useful indicator of scholastic performance and

"I can think of no other book that helps us sort through the competing claims about public versus private schools than All Else Equal. It is well-written and clearly argued, and should be read by anyone who cares about the future of education in the United States." -- Michael W. Apple, editor of *State and the Politics of Knowledge*
