each book includes suggestions for parents and teachers, as well as answer keys, a posttest, and a standards chart. Today, more than ever, students need to be equipped with the essential skills they need for school achievement and for success on proficiency tests. The Spectrum series has been designed to prepare students with these skills and to enhance student achievement. Developed by experts in the field of education, each title in the Spectrum workbook series offers grade-appropriate instruction and reinforcement in an effective sequence for learning success. Perfect for use at home or in school, and a favorite of parents, homeschoolers, and teachers worldwide, Spectrum is the learning partner students need for complete achievement.

A unique series that provides a framework for teaching coding skills. In *Black Flag - A Coding Club Mission*, your problem solving skills are tested as you join Cal on a dangerous adventure into the underground world of the anarchists who are fighting to restore freedom to the citizens of New Edgehill. Explore the companion website to complete the puzzles introduced through the chapters and don't forget to use your rig data for hints and support. If you have completed *Python Basics* then you will have studied all of the necessary programming skills needed to solve the challenges. Good luck and keep your eyes open!

*Health, Wellness, and Physical Fitness* is designed to teach students everything they need to know to make informed decisions for a lifetime of wellness. Aligned to Common Core State Standards, the activities in this workbook teach students about heredity, exercise, and nutrition, as well as tobacco, illegal drugs, mental health, and becoming a wise consumer. Self-assessments, real-world situations, games, puzzles, and quizzes reinforce these important lessons while also building strong, independent learners.

Cultivate a love for science by providing standards-based practice that captures children's attention. *Spectrum Science* for grade 8 provides
