Objective in Corporate Finance - Reality

Applied Corporate Finance A Users

This is an excellent introduction to applied corporate finance. It does not require any prior knowledge of economics or finance, but knowing some calculus is certainly useful. As the title implies, the book focuses on applied corporate finance. For those readers seeking a more theoretical approach, I would recommend the treatise by Jean Tirole.

Applied Corporate Finance provides a user's perspective to corporate finance, by posing the three major questions that every business has to answer, and then providing the tools and the analytical techniques needed to answer them. The three questions are: 1. Where do we invest our resources? (The Investment Decision) 2.
