Yet, ever since the North Sea Continental Shelf cases, the courts have consistently adhered to the model of equity and equitable principles and denied equidistance as a rule of customary law, except for delimitations of the territorial sea. There is still considerable debate about the proper rules for maritime boundary delimitation: should equidistance or equitable principles be applied with a view to achieving an equitable solution?

Equity emerged as a powerful symbol of aspired redistribution in international relations. Operationally, it has had limited impact in the Westphalian system of nation states - except for maritime boundary delimitations. This book deals with the role of equity in international law, and offers a detailed case study on maritime boundary delimitation in the context of the enclosure movement in the law of the sea.

In the case entitled Barnes v. Sea Hawaii Rafting, LLC, 886 F.3d 758, the Ninth Circuit Court of Appeals considered whether the special rules invoked by maritime law trumped the rules and equitable principles set out in the Bankruptcy Code, or whether bankruptcy law triumphed. Ultimately the Court held in favor of the maritime rules and the "sacred principles of admiralty law" that protect workers who are injured on a vessel, favoring these workers over the other creditors of the bankrupt ...
