Angela Maiers obviously feels strongly about teaching attitudes that make positive changes in the lives of her students. The seven habitues she teaches are imagination, curiosity, self-awareness, perserverance, courage, and adaptability. Her book is laid out simply and has distinct lesson examples that can be adapted to even the youngest children.

"Classroom Habitudes" is a perfect example of what is wrong with teacher education. With all the university-learned catch phrases and hot buttons, it sounds so nice. Its flaw: people don't act like the model that Ms. Maiers imagines. If you want to positively affect the performance of your students, read "Why Don't Students Like School," or ...
