Approach

One of the challenges facing educators teaching cloud computing concepts is providing students with hands-on experience working in a cloud environment. The challenge, however, is that cloud computing, by its nature, is built around the idea of pay-per-use. You pay for the services or resources that the cloud service providers provide.

Adopting Hands-on Cloud Computing Labs in Your Classroom

Also, not everybody who is interested in the cloud needs to know all the technical details behind AWS, Azure, or Google Cloud.
