This valiant story of how young George Washington was drawn into his country's struggle for independence gives readers a vivid perspective on a crucial era in American history--and on the life of a revolutionary hero.

With more than one hundred black-and-white illustrations, the father of our country, George Washington's fascinating story comes to life--revealing the real man, not just the face on the dollar bill. Original.

With an emphasis on his early life and the hardships he overcame, this informative biography offers a clear, authentic introduction to one of the country's most important scientists.

## Acces PDF Dk Biography George Washington

Washington Irving's *Life of George Washington* (published in five volumes in 1856-59) was the product of his last years and remains his most personal work. Christened with the name of the great general, Irving was blessed by Washington while still a boy of seven, and later came to know many of the prominent figures of the Revolution. In these pages he describes them using firsthand source material and observation. The result is a book which is fascinating not only for its subject (the American Revolution), but also for how it reveals in illuminating detail the personality and humanity of a now remote, towering icon. Here is an intimate portrait of Washington the man, from Virginia youth to colonial commander to commander-in-chief of the patriot army to first president and great guiding force of the American federation. But one cannot read Irving's *Life* without marveling at the supreme art behind it, for his

# Acces PDF Dk Biography George Washington

biography is foremost a work of literature. Charles Neider's abridgment and editing of Irving's long out-of-print classic has created a literary work comparable in importance and elegance to the original. George Washington, A Biography, Neider's title for his edition of Irving's *Life*, makes the work accessible to modern audiences. The extensive introduction provides a detailed analysis of Irving's life and times, and the difficulties he faced as he worked against his own failing health to finish what he felt was his masterpiece. This new edition of the superb biography of America's first citizen by America's first literary artist remains as fresh and unique today as when it was penned.

Presents the life of Barack Obama, including his childhood in the United States and abroad, careers as a community organizer and
