It was, in fact, shortly after the fall of France, the miracle of Dunkirk and the Battle of Britain, that young Jenkins was first introduced to Prime Minister Churchill by his father, the Labour MP...

Observer review: Churchill by Roy Jenkins | Books | The ...
Report: Churchill by Roy Jenkins I believe it was Polybius who argued that a great historian or biographer must have one, or ideally all three, of the following qualifications: they must have visited the locations in which the events took place, be in the same occupation as the person or person's they are writing about and perhaps best of all they should have known or at least felt the effects of the person or events they are documenting. Roy Jenkins manages to fit the bill for all three.

Churchill by Roy Jenkins - Goodreads
Book Description. From the admiralty to the miner's strike, from the Battle of Britain to the Nobel Prize, Churchill oversaw some of the most important events the World has ever seen. Roy Jenkins faithfully presents these events, while also managing to convey the contradictions and quirks in Churchill's character.

Churchill: A Biography eBook: Jenkins, Roy: Amazon.co.uk ...
A valuable review of Churchill's life and achievements by Roy Jenkins, who had both personal knowledge of Churchill and extensive political insight. There seem to be no attempts to rewrite history in order to make things appear different than they actually were at the time.

Churchill: Amazon.co.uk: Roy Jenkins: 9780333785782: Books
Roy Jenkins combines unparalleled command of British political history and his own high-level government experience in a narrative account of Churchill's astounding career that is unmatched in its shrewd insights, its unforgettable anecdotes, the clarity of its overarching themes, and the author's nuanced appreciation of his extraordinary subject.

Review: Churchill by Roy Jenkins | Books | The Guardian
Roy Jenkins was the author of many books, including Churchill and Gladstone, which won the Whitbread Prize for Biography. Active in British politics for half a century, he entered the House of Commons in 1948 and subsequently served as Minister of Aviation, Home Secretary, and Chancellor of the Exchequer; he was also the President of the European Commission and Chancellor of Oxford University.

Churchill: A Biography eBook: Jenkins, Roy: Amazon.com.au ...
Roy Jenkins was a Labor MP in the House of Commons at the time Churchill was himself still in the house. Jenkins began his career there in 1948, just prior to the second time Churchill became Prime Minister in 1951. [Churchill died at 90 years old in 1965.]

Provides a glimpse into the extraordinary life of Britain's greatest prime minister, recreating his many accomplishments, trials, and tribulations throughout his life that contributed to his success.

From the admiralty to the miner's strike, from the Battle of Britain to eventual victory over Nazi Germany, Churchill oversaw some of the most important events the world has ever seen. Winning the Nobel Prize in literature for his personal writing and cautioning against a powerful Soviet Russia in his later years in office, his larger-than-life and complex personality has continued to fascinate writers and historians.In this comprehensive biography, Roy Jenkins faithfully presents these events, while also managing to convey the contradictions and quirks in Churchill's character. Weaving together in-depth analysis and brilliant historical research, Jenkins has succeeded in crafting this magnificent one-volume account packed with insights that only a fellow politician can convey. Bringing to life the statesman, writer, speaker and leader, Churchill is packed with insights into one of the most important figures of the twentieth century.

"We are all worms. But I do believe I am a glow-worm." --Churchill Winston Churchill's inspiring leadership in the Second World War once made him above criticism. In recent years his record has come under attack from revisionists. In Churchill: A Study in Greatness one of Britain's most distinguished historians rebuts these charges and makes sense of this extraordinary man and his long controversial, colourful, contradictory and heroic career. Geoffrey Best brings out both his strengths and his weaknesses, looking past the many received versions of Churchill in a biography that balances the private and the public man and offers a clear insight into Churchill's greatness. NEW YORK TIMES BESTSELLER One of The Wall Street Journal's Ten Best Books of 2018 One of The Economist's Best Books of 2018 One of The New York Times's Notable Books of 2018 "Unarguably the best single-volume biography of Churchill . . . A brilliant feat of storytelling, monumental in scope, yet put together with tenderness for a man who had always believed that he would be Britain's savior." --Wall Street Journal In this landmark biography of Winston Churchill based on extensive new material, the true genius of the man, statesman and leader can finally be fully seen and understood--by the bestselling, award-winning author of Napoleon and The Last King of America. When we seek an example of great leaders with unalloyed courage, the person who comes to mind is Winston Churchill: the iconic, visionary war leader immune from the consensus of the day, who stood firmly for his beliefs when everyone doubted him. But how did young Winston become Churchill? What gave him the strength to take on the superior force of Nazi Germany when bombs rained on London and so many others had caved? In Churchill, Andrew Roberts gives readers the full and definitive Winston Churchill, from birth to lasting legacy, as personally revealing as it is compulsively readable. Roberts gained exclusive access to extensive new material: transcripts of War Cabinet meetings, diaries, letters and unpublished memoirs from Churchill's contemporaries. The Royal Family permitted Roberts--in a first for a Churchill biographer--to read the detailed notes taken by King George VI in his diary after his weekly meetings with Churchill during World War II. This treasure trove of access allows Roberts to understand the man in revelatory new ways, and to identify the hidden forces fueling Churchill's legendary drive. We think of Churchill as a hero who saved civilization from the evils of Nazism and warned of the grave crimes of Soviet communism, but Roberts's masterwork reveals that he has as much to teach us about the challenges leaders face today--and the fundamental values of courage, tenacity, leadership and moral conviction.

From the New York Times bestselling author of Churchill, a towering historical biography, available for the first time in paperback. William Gladstone was, with Tennyson, Newman, Dickens, Carlyle, and Darwin, one of the stars of nineteenth-century British life. He spent sixty-three of his eighty-nine years in the House of Commons and was prime minister four times, a unique accomplishment. From his critical role in the formation of the Liberal Party to his preoccupation with the cause of Irish Home Rule, he was a commanding politician and statesman nonpareil. But Gladstone the man was much more: a classical scholar, a wide-ranging author, a vociferous participant in all the great theological debates of the day, a voracious reader, and an avid walker who chopped down trees for recreation. He was also a man obsessed with the idea of his own sinfulness, prone to self-flagellation and persistent in the practice of accosting prostitutes on the street and attempting to persuade them of the errors of their ways. This full and deep portrait of a complicated man offers a sweeping picture of a tumultuous century in British history, and is also a brilliant example of the biographer's art.

'Provocative, clear-sighted, richly textured and wonderfully readable, this is the indispensable biography of Churchill for the post-Brexit 2020s' DAVID KYNASTON 'Stimulating, erudite and above all entertaining' ROBERT HARRIS In A.J.P. Taylor's words, Churchill was 'the saviour of his country' when he became prime minister in 1940. Yet he was also a deeply flawed character, whose personal ambition would cloud his political judgement. While Churchill's Shadow gives due credit to the achievements, it also reveals some spectacular failures: indeed, it appears that for every Finest Hour there were many more Gallipolis. But this book goes beyond the reappraisal of a life and a career: it reveals that Churchill has cast a complex shadow over post-war British history and contemporary politics - from the 'Churchillian stance' of Tony Blair taking the country to war in Iraq to the delusion of a special relationship with the United States to the fateful belief in British exceptionalism: that the nation can once again stand alone in Europe. Geoffrey Wheatcroft takes a radically different approach to other biographies and studies of Churchill, zooming in on crucial moments in his life that help us understand the man in his many contradictions. Churchill's Shadow both tells the story of his extraordinary life and the equally fascinating one of his legacy, focusing on how Churchill was viewed by contemporaries and those who came after. As we struggle to work out who we are as a nation, how our complex legacies of war and empire shape our past and our present, we do that in the long shadow of Churchill. He set about writing his own myth during his lifetime and it is a myth - with all the delusions and hangovers myths bring - in whose grip we have been living in ever since.

En dybtgående, veldokumenteret analyse af britisk udenrigspolitik i gennem de første 10 efterkrigsår, herunder bl. a. den engelsk-amerikansk-franske manøvre for at afværge Sovjetunionens bestræbelser for at genforene Tyskland.

An account of the World War II Prime Minister's early career includes coverage of his contributions to building a modern navy, his experimentations with radical social reforms and his lesser-known romantic pursuits. By the author of the Pulitzer Prize finalist, Orwell.
