With antibiotic-resistant infections on the rise, herbal remedies present a naturally effective alternative to standard antibiotics. Herbal expert Stephen Harrod Buhner explains the roots of antibiotic resistance, explores the value of herbal treatments, and provides in-depth profiles of 30 valuable plants, noting the proper dosages, potential side effects, and contraindications of each.

Take control of your health with herbal antivirals. As traditional medications become less effective against today's potent and aggressive viruses, natural alternatives are proving capable of fighting off many common viral threats. Stephen Harrod Buhner offers in-depth instructions on how to prepare and use herbal formulations to prevent and treat infections such as SARS, influenza, and encephalitis. These natural remedies will fight off disease and strengthen your immune system, keeping your family healthy and happy.

"In this comprehensive guide, the author profiles the plants that have proven most effective in fighting viral infections and provides in-depth instructions for preparing and using formulations to address the most common infections and strengthen immunity, safely and naturally. The updated 2nd edition also includes an expanded guide to COVID-19!"-

What Your Doctor Won't Tell You-Why Herbal Antivirals Really Work! Have you ever suffered from a viral infection? If you have, it's certainly an experience you won't forget. Whether in your own country or disastrously struck down mid-vacation, you likely wished that you'd taken an anti-viral shot, or at least a course of medication. Your thinking is correct-but synthetic medicine isn't your only defence! The truth is that there are natural remedies on the market and in your back yard-that you can use today to fight the same bugs just as effectively without all the aching symptoms of traditional western medicine. Herbal Antivirals shows you how to properly prepare, dose and take these natural medicines yourself and you can even grow them in your garden! Not only you can save hundreds, even thousands of dollars, you're also lessening your impact on the environment while treating yourself with natural ingredients that you have sourced yourself. In this book, you'll discover that creating your very own herbal antivirals isn't complicated. You can easily teach yourself to treat viral infections with natural medicines that give your body what it NEEDS, without the excess chemicals. With the 45 most valuable herbs comprehensively indexed for creating potent natural antibiotics and herbal antivirals, this is a book that helps you become your own doctor. Fully illustrated with pictures, as well as details on common use, preparation method and dosage, knowledge is finally at your fingertips. Remedies for the most common ailments and recipes are included as a BONUS, as well as a FAQ to answer your herbal antiviral questions. What will Herbal Antivirals teach you? Content includes: * Common treatments for viral infections * Discover how do herbal antivirals work as well as synthetic medicine? * Where to find the herbs you need! * Best herbal treatments for common ailments (from warts to chronic hepatitis B) * When, how, and why to use natural remedies * 5 Key Essential Oils with Natural Antiviral Properties * Consult a "cheat sheet" for fighting infections naturally with the right herbal medicine. * What are the most effective plant-based herbal antivirals? * What herbal antivirals are considered safe when pregnant or breast feeding? * And much more! BIG Pharma hates books like these coming out because it dents their profits while educating you about the potential dangers of synthetic medicine. The truth is simple: You can prepare and use herbal remedies to address your health issues and boost your immunity the natural way! Would You Like To Know More? Add Herbal Antivirals to your shopping cart now to download straight away and discover Mother Nature's biggest gift and how you can start to use it with yourself, family and loved ones. Scroll to the top of the page and select the buy button.

*Healing Lyme examines the leading, scientific research on Lyme infection and its tests and treatments, and outlines the most potent natural medicines that offer help, either alone or in combination with antibiotics, for preventing and healing the disease!"-

Cayenne pepper can stop bleeding. Garlic helps alleviate a toothache. Honey soothes a burn. When an emergency situation arises, simple home remedies can play a vital role in easing symptoms and providing immediate help. Become an effective first responder with a combination of best first-aid practices, herbs, and standard homeopathic applications. This quick-reference handbook spells out hundreds of life-saving techniques, commonsense tips, and time-tested herbal remedies that everyone should know. From how to perform basic CPR and the Heimlich Maneuver to the best immediate response to natural disasters, you'll find the most practical, effective actions to take to ensure survival.

Herbal Antibiotics and Antivirals - Heal Yourself From the Inside Out Stop Making Them Rich! Ditch the Pills Use Natural Herbal Treatments to Heal Yourself!Have you heard about MRSA? Also known as the hospital superbug, MRSA proved to be scary. The expanded form of this term is Methicillin Resistant Staphylococcus aureus. This is a bacterium that is resistant to almost every single antibiotic. What do you do in such a situation? We are blessed to be living in an era where medical science has really advanced and people do not fall prey to diseases such as pneumonia and tuberculosis. The question that needs some introspection is why only a specific set of people are impacted by disease. There are always some people who seem to be always healthy. Are they doing something differently? How are they able to stay strong and full of energy in terms of any crisis? How are they able to maintain that perfect health and balance? The answer to the above questions lies in this book: Herbal Antibiotics and Antivirals! This book is a mini guide that teaches you to survive in a world without pharmaceutical antibiotics and antivirals. It not only provides you information about herbal alternatives to these antibiotics and antivirals, but also provides a list of herbs that can be used to strengthen your immunity. And there is a chapter dedicated to making your own medicines at home. It familiarizes you with the process of harvesting, drying and storing your plant.It also provides you some proven strategies to create your own medicines ð decoctions, infusions, poultices, salves, compresses etc. If you are ready to explore the good green world free of pharmaceutical antivirals and antibiotics, then read on!What You Will Learn in this Book- HERBS THAT STRENGTHEN YOUR FIRST LINE OF DEFENSE ð THE IMMUNE SYSTEM- HERBS THAT CAN KILL BACTERIA ð HERBAL ANTIBIOTICS- HERBS THAT CAN KILL VIRUSES ð HERBAL ANTIVIRALS- MAKING YOUR MEDICINESGet started on your Herbal Antibiotics and Antiviral Success Story TODAY!Grab this book today! Boost Your Immune System with Nature's Bounty! Herbal antibiotics have been used throughout the centuries as natural treatments for hundreds of diseases and ailments, including wisdom teeth extraction, broken bones and even surgery--and like 98% of Americans, you've probably taken a course of synthetic antibiotics to help you recover. While there's nothing wrong with synthetic antibiotics, BIG Pharma's running scared of the natural alternative to their expensive drugs (and profits) --while you can utilize natural remedies that leave less impact on the environment and your internal body chemistry. Herbal Antibiotics is the most in-depth introduction to natural healing and herbal medicine available today, giving you the explanations on why certain herbs work as herbal antivirals and herbal antibiotics and how you can use them to fight your next infection--or simply boost your immunity to nasties in your area! Organic antibiotics aren't hokum, they are a legitimate way to treat some of the most prevalent infections and sicknesses that we get today. What's covered in Herbal Antibiotics? Here's a brief overview: * Learn to pick, prepare and use the Top 45 Most Valuable Herbs that you can easily find growing in your area, or even in your local grocery store or health food shop with our in-depth profiles, featuring illustrations. * Discover how to fight bad bacteria with herbal treatments--and how they compare to traditional treatments available from your pharmacist. * Find out what are the 5 Key Essential Oils with Natural Antibiotic properties. * Consult a "cheat sheet" for fighting infections naturally with the right herbal medicine. * Get the low-down on natural antibiotics with a FAQ that addresses the 14 most common questions people ask about natural remedies. * Discover little known Herbal remedy recipes and solutions for the most common ailments (from pain to the common cold), as an added BONUS! BIG Pharma hates books like these coming out because it dents their profits while educating you about the potential dangers of synthetic medicine. The truth is simple: You can treat your common ailments and boost your immune system today with herbal remedies that provide your body with much-needed natural antibiotic and antiviral medicine! Would You Like To Know More? Add Herbal Antibiotics to your shopping cart now to download and start learning how traditional natural healing methods can not only boost your immune system but help you to live a more natural, happy life. Scroll to the top of the page and select the buy button. Don't forget to claim a FREE Kindle version with your purchase of Paperback copy! Check Out What Others Are Saying... "I've already gotten a lot out of this book and am happy to have the information in my healing repertoire. I would recommend this book for anyone. I believe it's really important to go natural whenever possible. Especially now that I have seen first hand what synthetic medications can do to harm a body." - Jamie, Health advisor in Chicago, LA, Miami, Vegas. "It has been a life changer for me. I never really knew that these natural remedies were out there and this book really takes you step by step and educates you on each of the herbs you can use and how they can treat any ailment you could come across." - Emily Vogt.
