*English Language Learners Face Unique Challenges*

The Unique Challenges of Teaching English-Language Learners. The most common problem in providing meaningful access to thecurriculum has been the practice of viewing English-languagelearners with learning difficulties as simply low-performingnative English speakers. It is critical that teachers avoid this reaction when confronted with students who do not use English proficiently.

The English writing system, therefore, presents little difficulty to Portuguese learners. (But see below for problems with spelling.) Phonology: Brazilian Portuguese is a syllable-timed language, in contrast to English. This can result in learners having serious difficulty reproducing the appropriate intonation patterns of spoken English.

*Language differences: English - Portuguese*

The most common cause of the problems faced by a learner of the English language as a second language is existence of the inherent structure of their first language or mother tongue that they are exposed to since the first day. As such the problems that are faced by the students trying to learn the language are- 1.

Vocabulary is frequently thought to be the main component of oral language. However, in the broadest definition, oral language consists of phonology, grammar, morphology, vocabulary, discourse, and pragmatics. The acquisition of these skills often begins at a young age, before students begin focusing on print-based concepts such as sound-symbol correspondence and decoding.
