Recently got a Howard Miller 610-274 'capulet' model driven by a 1987 Hermle 1161-8538S movement yesterday. The movement got little use, as the previous owner only used it about 5 yrs because it stopped working. Seems one of the weight cables got wrapped around the shaft and the owner couldn't figure out how to fix this and said he didn't want to pay to get it serviced again, so it sat unused.
