#1 New York Times bestselling author! Booklist Editors' Choice 2015 - Youth! Named a "Best Book of 2015" by Time Magazine, School Library Journal, Barnes & Noble, NPR, PopSugar, The Millions, and The News & Observer! Simon Snow is the worst Chosen One who's ever been chosen. That's what his roommate, Baz, says. And Baz might be evil and a vampire and a complete git, but he's probably right. Half the time, Simon can't even make his wand work, and the other half, he starts something on fire. His mentor's avoiding him, his girlfriend broke up with him, and there's a magic-eating monster running around, wearing Simon's face. Baz would be having a field day with all this, if he were here -- it's their last year at the Watford School of Magicks, and Simon's infuriating nemesis didn't even bother to show up. Carry On is a ghost story, a love story and a mystery. It has just as much kissing and talking as you'd expect from a Rainbow Rowell story - but far, far more monsters.

An empowering journey through the mechanisms of the mind from one of the world's leading mental health experts. For those in pursuit of a better life, psychiatrist Marian Rojas Estapé presents the essential guide to neuroscience-driven mindfulness. Understanding your brain, managing your emotions, and being aware of your responses to stressors can give you greater self-control. Rather than a gimmicky guidebook, this is a thorough look at how our brains react to stress, threats, hyperstimulation, and the vices of our digital age. With proven techniques backed by solid, up-to-date psychiatric research, Estapé teaches us how to make the best of our lives. Combining science, psychology, and philosophy, Estapé delivers practical advice about how we can cultivate a happy existence. This includes understanding the parts of the brain, setting healthy goals and objectives, strengthening willpower, cultivating emotional intelligence, developing assertiveness, avoiding excessive self-criticism and self-demand, and mastering the proven art of optimism.

After finding a way to teach the ship's crew members to understand navigation, Nat, a self-taught mathematician and astronomer in eighteenth-century Salem, Massachusetts, writes down his explanations and compiles them into "The American Practical Navigator," also known as the "Sailors' Bible."

In the world of screen culture, the teacher is inevitably represented as a charismatic figure, able to tackle the deprivations or problems the students face and to form special relationships with them that no other staff colleague can. But how realistic are such representations, and what do real world teachers think about their reel world counterparts? This book takes a closer look at the charismatic teacher as portrayed in films such as Goodbye, Mr. Chips and To Sir, With Love, and in television series such as Hearts and Minds, and Teachers, and notes the reactions of classroom teachers to such portrayals. It considers the eccentric, resilient or romantic - but always charismatic - teacher in inner city schools, private or state schools and contrasts them with the words of practising teachers about their work.

This book is my life, my loves, family, friends memories. It ' s important that you remember those that have touched your life, unfortunately for me those memories have a chance to disappear, in order to keep them? I have wrote them down in here. There are events that I mention that people may themselves have gone thru, hopefully this book will help people look at themselves different.
