ICAR All India Entrance Exam (AIEE) is officially conducted by NTA to select candidates for admission in the various undergraduate courses. Earlier it was conducted by ICAR, hence the name but this year National Testing Agency (NTA) is likely to conduct the exam. ICAR AIEEA is accepted by many prominent colleges across the country to absorb aspirants in the field of agriculture, horticulture, and other engineering courses. It is conducted offline and carried out as a written exam with objective questions of Physics, Chemistry, Mathematics, Biology, and Agriculture. After qualifying the written exam, shortlisted students must appear for a counseling session to seek admission thereof. Here you'll come across a swarm of ICAR mock tests to practice more.

UNIQUE FEATURES OF THE BOOK: Previous year question papers of ICAR-JRF 2016, 2015 & 2014

Download Ebook Icar Previous Year Question Papers

(memory based) along with explanations are included. MCQs and match the column type of questions according to the pattern of ICAR-JRF exam are included. Whole subject matter is simplified using tables, flowcharts and bullet format. One special topic "General awareness in the field of animal science" is also included. Important points are highlighted in bold letter. Numerical questions of animal genetics and breeding are included along with their solutions. This book covers entire syllabus of ICAR-PG entrance examination in a concise way.

Written in easy to follow language, the book presents cutting-edge agriculturally relevant plant biotechnologies and applications in a manner that is accessible to all. This book introduces the scope and method of plant biotechnologies and molecular breeding within the context of environmental analysis and assessment, a diminishing supply of productive arable land, scarce water resources and climate change. Authors who have studied how agro ecosystems have changed during the first decade and a half of commercial deployment review effects and stress needs that must be considered to make these tools sustainable.

Before the concept of history began, humans undoubtedly acquired life benefits by

Download Ebook Icar Previous Year Question Papers

discovering medicinal and aromatic plants (MAPs) that were food and medicine. Today, a variety of available herbs and spices are used and enjoyed throughout the world and continue to promote good health. The international market is also quite welcoming for MAPs and essential oils. The increasing environment and nature conscious buyers encourage producers to produce high quality essential oils. These consumer choices lead to growing preference for organic and herbal based products in the world market. As the benefits of medicinal and aromatic plants are recognized, these plants will have a special role for humans in the future. Until last century, the production of botanicals relies to a large degree on wild-collection. However, the increasing commercial collection, largely unmonitored trade, and habitat loss lead to an incomparably growing pressure on plant populations in the wild. Therefore, medicinal and aromatic plants are of high priority for conservation. Given the above, we bring forth a comprehensive volume, "Medicinal and Aromatic Plants: Healthcare and Industrial Applications", highlighting the various healthcare, industrial and pharmaceutical applications that are being used on these immensely important MAPs and its future prospects. This collection of chapters from the different areas dealing with MAPs caters to the need of all those who are working or have interest in the above topic.
