Hi, I have a 2007 iveco stralis with a cursor 10 engine. I am a farmer in Australia and use the prime mover with a tipper trailer to deliver grain to port. My problem is that the engine overheating alarm comes on regularly, especially on hot days. I do have to drive it through the field a lot, which can suck up a lot of dust and chaff.

With this astonishing guidebook, *Surfing Through Hyperspace*, you need not be a mathematician or an astrophysicist to explore the all-but-unfathomable concepts of hyperspace and higher-dimensional geometry. No subject in mathematics has intrigued both children and adults as much as the idea of a fourth dimension. Philosophers and parapsychologists have meditated on this mysterious

In the tradition of Flatland, and with an infectious enthusiasm, Clifford Pickover tackles the problems inherent in our 3-D brains trying to visualize a 4-D world, muses on the religious implications of the existence of higher-dimensional consciousness, and urges all curious readers to venture into "the unexplored territory lying beyond the prison of the
