Richard Yot
Look at the way light can be used to create realistic and fantastical effects in a wide range of visual media. It is a valuable resource for animators, digital illustrators, painters, photographers, and artists working in any medium.

~~Light for Visual Artists: Understanding & Using Light in ...~~

This introduction to light for students and visual artists explores the way light can be used to create realistic and fantastical effects in a wide range of media. Divided into three parts, the clearly written text explains: the fundamental properties of natural and artificial light; how to create realistic images by observing people and the environment; the creative use of light in composition and design.

~~Richard Yot - Light for Visual Artists~~

1. Introduce the idea of looking for design elements (line, color, space, light, and shape) in a work of art as an approach to understanding a painting, sculpture, or decorative art. Encourage students to consider that behind every picture of a person, landscape, or still life, the artist has thought about how
