**Max and Me - A story about sensory processing**

An Overview of "Max and Me". Written simply and openly, the book introduces children to an imaginary "modulator", Max, who lives inside their brains. Clear, vivid illustrations help children to understand and identify with the information and the story. The book is written in 3 parts. Part I introduces Max, and shows how the modulator receives information from all the senses, how he processes the information and how he tells the body what to do.

**Max and Me: a Story about Sensory Processing**

This animated movie tells the true story of Polish priest Maximilian Kolbe, and the incredible challenges he faced during the Nazi invasion of Poland during World War II. Kolbe protected and helped Jews from Nazi persecution, and was punished for this, sent to Nazi German death camp, Auschwitz. His ultimate sacrifice came when he volunteered to die in place of a stranger who was distraught for his wife and children.

**Max & Me - IMDb**

Max's story. Max was diagnosed with acute myeloid leukaemia (AML) in 1993, when he was four years old. Tragically, two years later, Max was diagnosed with a second cancer, alveolar rhabdomyosarcoma. He passed away when he was just eight years old on 22 January 1997. Max ' s mum, Gill, shares her story:
