The 4th edition had hardly any example problems throughout the entire text. The author remedied this in the 5th edition. There are multiple example problems that are well discussed in each chapter on the main topics. Also, the text was reorganized a bit and of course the page numbers and homework problems are a little different than the 4th edition.

market standard for over a. Results 1 – 26 of 26 Optics by Eugene Hecht; Alfred Zajac and a great selection of related books, art and collectibles available now at Global Edition. Eugene Hecht.

~~HECHT ZAJAC OPTICS PDF — Bizo1 PDF~~

Hecht remains, despite all of its flaws, really the only choice for undergraduate students of optics. At least, under one cover. Fishing around here and there, a library-adept student can piece together a better text but I would still say, if you are studying a lot of optics on the undergraduate level and are only going to buy one book, buy Hecht.
