Mara Purnhagen, *Raising the Dead* (Harlequin, 2011) Purnhagen follows up *Past Midnight* with this novella, meant to bridge the gap between that and the second full-length in the trilogy, *One Hundred Candles* (which technically makes this the second entry in the *Past Midnight* series). I enjoyed *Past Midnight* a bunch (cf. review 1Nov10), but in some ways I liked this even better; it's shorter, a bit more focused on the actual mystery (who's the stranger hanging around an old family cemetery that ...

Let me set the record straight. My name is Charlotte Silver and I'm not one of those paranormal-obsessed freaks you see on TV—no, those would be my parents, who have their own ghost-hunting reality show. And while I'm usually roped into the behind-the-scenes work, it turns out that I haven't gone unnoticed. Something happened on my parents' research trip in Charleston—and now I'm being stalked by some truly frightening other beings. Trying to fit into a new school and keeping my parents' creepy occupation a secret from my friends—and potential boyfriends—is hard enough without having angry spirits whispering in my ear. All I ever wanted was to be normal, but with ghosts of my past and present colliding,

now I just want to make it out of high school alive.

It's taken a long time for me to feel like a normal teenager. But now that I'm settled in a new school, where people know me as more than Charlotte Silver of the infamous Silver family paranormal investigators, it feels like everything is falling into place. And what better way to be normal than to go on a date with a popular football star like Harris Abbott? After all, it's not as if Noah is anything more than a friend. But my new life takes a disturbing turn when Harris brings me to a party and we play a game called One Hundred Candles. It seems like harmless, ghostly fun. Until spirits unleashed by the game start showing up at school. Now my friends and family are in very real danger, and the door that I've opened into another realm may yield deadly consequences.

Charlotte Silver's world is like no one else's... As the daughter of the famous Silver Spirits paranormal investigators, Charlotte Silver is used to all things weird. But when coffins start floating down her street during a flood, life turns extra strange. And wonderful, when her friend and crush Noah signs on to help Charlotte and her folks in the aftermath. Cemetery cleanup might not sound exciting, but as shocking discoveries and a lurking stranger come to light, Charlotte learns that sometimes, raising the dead can bring unexpected rewards.

I can't move forward with my life, until I know my demons are confined to the past[] Being Charlotte Silver, the daughter of famous paranormal investigators, means my life isn't like that of other teenage girls. Especially after what happened to my

parents. Things changed. I missed prom and deferred my big college plans. But I still have my boyfriend, Noah. He's everything I could want—if I can figure out what's up with him. Suddenly Noah is secretive. I fear it has something to do with what happened to us three months ago. The bruise Noah suffered during a paranormal attack has never completely faded. Now I've learned Noah is researching demons. And when he disappears, it's up to me to find him—before something else does.

It's taken a long time for me to feel like a normal teenager.
