Shoemaking is the process of making footwear. Originally, shoes were made one at a time by hand, often by groups of shoemakers, or

Read Book Shoe Making Guide

cobblers. In the 18th century, dozens or even hundreds of masters, journeymen and apprentices would work together in a shop, dividing up the work into individual tasks. A customer could come into a shop, be individually measured, and return to pick up their new shoes in as little as a day. Everyone needed shoes, and the median price for a pair was about one day ...
