How do you build a scientifically and technologically strong modern nation with limited means and resources? Indian scientists faced this challenge seven decades ago when the country became independent and confronted a world rapidly advancing in science and technology. In the years that followed, they battled poor funding and archaic regulations to build India's science infrastructure from scratch. This fascinating narrative captures the story of the struggles and triumphs of these leaders of science and the world-class institutions they founded. From the cosmic-ray experiments at the Kolar Gold Fields to ISRO's stunning space observatory built under severe constraints, from the construction of one of the world's largest radio telescopes in Ooty to the development of structural

biology at IISc and, most recently, the significant contributions of the country's scientific institutions towards tackling a global pandemic - Space. Life. Matter. brings to readers the path-breaking advances made by India's scientists to original research and what they mean to the nation's progress. Deeply informed, enlightening and inspiring, this singular, comprehensive account of the pride of place that Indian science occupies in the world is essential reading for all.

A fascinating and candid memoir about successful leadership from the former CEO of General Electric, named one of the “ World ’ s Best CEOs ” three times by Barron ’ s, and the hard-won lessons he learned from his experience leading GE immediately after 9/11, through the devastating 2008 – 09 financial crisis, and into an increasingly globalized world. In September 2001, Jeff Immelt replaced the most famous CEO in history, Jack Welch, at the helm of General Electric. Less than a week into his tenure, the 9/11 terrorist attacks shook the nation, and the company, to its core. GE

Get Free Today S Hindu News Paper

was connected to nearly every part of the tragedy—GE-financed planes powered by GE-manufactured engines had just destroyed real estate that was insured by GE-issued policies. Facing an unprecedented situation, Immelt knew his response would set the tone for businesses everywhere that looked to GE—one of America's biggest and most-heralded corporations—for direction. No pressure. Over the next sixteen years, Immelt would lead GE through many more dire moments, from the 2008 – 09 Global Financial Crisis to the 2011 meltdown of Fukushima's nuclear reactors, which were designed by GE. But Immelt's biggest challenge was inherited: Welch had handed over a company that had great people, but was short on innovation. Immelt set out to change GE's focus by making it more global, more rooted in technology, and more diverse. But the stock market rarely rewarded

Get Free Today S Hindu News Paper

his efforts, and GE struggled. In *Hot Seat*, Immelt offers a rigorous and raw interrogation of himself and his tenure, detailing for the first time his proudest moments and his biggest mistakes. The most crucial component of leadership, he writes, is the willingness to make decisions. But knowing what to do is a thousand times easier than knowing when to do it. Perseverance, combined with clear communication, can ensure progress, if not perfection, he says. That won't protect any CEO from second-guessing, but Immelt explains how he's pushed through even the most withering criticism: by staying focused on his team and the goals they tried to achieve. As the business world continues to be rocked by stunning economic upheaval, *Hot Seat* "takes you into the office, head, and heart of the man who became CEO of GE on the eve of 9/11, and then led the iconic behemoth for sixteen fascinating, and often

Get Free Today S Hindu News Paper

turbulent, years. A handbook on leadership—and life ” (Stanley A. McChrystal, General, US Army [Retired], CEO and Founder, McChrystal Group).

This open access volume is the first comprehensive assessment of the Hindu Kush Himalaya (HKH) region. It comprises important scientific research on the social, economic, and environmental pillars of sustainable mountain development and will serve as a basis for evidence-based decision-making to safeguard the environment and advance people ' s well-being. The compiled content is based on the collective knowledge of over 300 leading researchers, experts and policymakers, brought together by the Hindu Kush Himalayan Monitoring and Assessment Programme (HIMAP) under the coordination of the International Centre for Integrated Mountain

Get Free Today S Hindu News Paper

Development (ICIMOD). This assessment was conducted between 2013 and 2017 as the first of a series of monitoring and assessment reports, under the guidance of the HIMAP Steering Committee: Eklabya Sharma (ICIMOD), Atiq Raman (Bangladesh), Yuba Raj Khatiwada (Nepal), Linxiu Zhang (China), Surendra Pratap Singh (India), Tandong Yao (China) and David Molden (ICIMOD and Chair of the HIMAP SC). This First HKH Assessment Report consists of 16 chapters, which comprehensively assess the current state of knowledge of the HKH region, increase the understanding of various drivers of change and their impacts, address critical data gaps and develop a set of evidence-based and actionable policy solutions and recommendations. These are linked to nine mountain priorities for the mountains and people of the HKH consistent with the Sustainable Development Goals. This book is a must-read for

policy makers, academics and students interested in this important region and an essentially important resource for contributors to global assessments such as the IPCC reports.

Corruption in India today is pervasive, omnipresent, and diverse, covering every branch of the Indian state and key sectors of the economy. Far from declining and fading away, as predicted, with deregulation and liberalization, it has increased exponentially in the twenty-first century at all levels-central, state, and local. It can be seen today as a normal, not a pathological, condition within the political economy. In several states, corruption involving politicians, bureaucrats, businessmen, and in some cases, criminal elements has

Get Free Today S Hindu News Paper

graduated to a new qualitative stage, transforming itself into a well-oiled, rule- and rate-bound and self-propelled system of collecting and sharing the illicit spoils of office. In this seminal book, N. Ram, who led the investigation into the Bofors grand corruption scandal, attempts to get a measure of 'political corruption' in contemporary India, and explains why it has become an intractable problem
