The Security Officer's Handbook fulfills the distinct need for a single method of setting up the field operations needed to provide adequate protection to the client, firm or individual. The Standard Operating Procedure System asks all the questions required to survey any protection objective. In addition, the system provides all the basic information needed to answer those questions and leads to the implementation of the tactical or mission standard operating procedure. The Standard Operating Procedure System may be applied to any type of security or protection operation and may be modified, expanded or contracted, without needing to rewrite or redesign an existing security program. Details a system to survey, implement, and maintain at full operational effectiveness many types of assets protection programs. Provides the basis for the vital training required by every security or physical

All states have different regulations, laws, licensing and requirements for security guards. This is especially true regarding the use of deadly force, power of detain, arrest and many other legal aspects of being a security guard. It is the responsibility of the school, instructor, to know the laws relating to security guard activities for the State, County or City in which they train, and for which they train. These laws and regulations are easy to find and free to print because they are of the public domain. While all states may have different laws, almost all states includes in their armed security guard training and educational requirements firearm knowledge and technical skills so the armed security guard can effectively use a firearm in the defense of self and others. This Armed Security Guard Training Manual was developed to meet the most stringent standard. It represents 40 hours of study materials,. It also includes 10 hours legal section that discusses Weapons and Firearms and the use of deadly force. These 10 hours of the curriculum are modeled after Florida laws, which regulates heavily security guard activities. This section constitutes an excellent moral guideline to work from, BUT, it is your responsibility to research and teach the law of your state, county, city, as well as ensure that you take the steps you need to meet your state's licensing requirements, if there are any. Last but not least, this kit, as you see it, is what we use every day to train our pupils at Safe N Secure.

The International Foundation for Protection Officers (IFPO) has for many years provided materials to support its certification programs. The current edition of this book is being used as the core text for the Security Supervision and Management Training/Certified in Security Supervision and Management (CSSM) Program at IFPO. The CSSM was designed in 1988 to meet the needs of the security supervisor or senior protection officer. The book has enjoyed tremendous acceptance and success in the past, and the changes in this third edition, vetted by IFPO, make it still more current and relevant. Updates include 14 new chapters, 3 completely revised chapters, "Student Performance Objectives" in each chapter, and added information on related resources (both print and online). * Completion of the Security Supervision and Management Program is the initial step toward the Certified in Security Supervision and Management (CSSM) designation * Over 40 experienced security professionals contribute chapters in their area of specialty * Revised throughout, and completely updated with 14 new chapters on topics such as Leadership, Homeland Security, Strategic Planning and Management, Budget Planning, Career Planning, and much more. * Quizzes at the end of each chapter allow for self testing or enhanced classroom work

This test preparation guide is designed to assist security guards in preparing for theministry's mandatory test. The guide will outline key areas that security guards shouldbe familiar with to ensure they perform their duties in accordance with the PrivateSecurity and Investigative Services Act, 2005 (PSISA) and its regulations.The subjects covered align with the ministry's Training Syllabus for Security Guards.Although the guide is meant to assist candidates in preparing for and writing the test, itdoes not constitute a training manual, and is not a substitute for an in-person trainingcourse.At the end of each section of this test preparation guide, you will find links to externalresources that may be of further assistance to you. Many of these will bring you tovarious laws and regulations; it is recommended that you have an overall understandingof these and how they relate to key topics covered in the test.Other links will bring you to existing training materials available to the public. Whilethese materials may contain valuable information, please keep in mind that they werenot specifically designed for Ontario's security guard and private investigator trainingand testing program.About the TestThe ministry's tests were developed by subject matter experts (SMEs) in the privatesecurity and investigative services industry who worked with the ministry's testdevelopment consultant, CASTLE Worldwide Inc. The SMEs developed the testquestions using a protocol of writing and review that conforms to the best practices ofpsychological and test development standards. They comprehensively reviewed andvalidated each question for appropriateness of the answers and correct answer keys. Apanel of SMEs also reviewed and tested the questions and participated in setting thecut scores (pass marks) for the tests.The security guard test is in a written, 60 question, multiple choice format. Testappointments are 2 hours in duration, 75 minutes of which is the allotted test completiontime.
