The Wall Street Journal is a daily newspaper first published in 1889. Today, it's available both in print and online. I used to subscribe to the paper version, but these days I get the paper only on the web or through a mobile app. The paper is one of the most popular in the United States.

Charlie and Margaret discover the dark side of Hollywood in Jake Tapper's follow-up to New York Times bestseller *The Hellfire Club*--an "excellent" cocktail of corruption and ambition (Publishers Weekly). Charlie and Margaret Marder, political stars in 1960s Washington DC, know all too well how the tangled web of power in the nation's capital can operate. But while they long to settle into the comforts of home, Attorney General Robert Kennedy has other plans. He needs them to look into a potential threat not only to the presidency, but to the security of the United States itself. Charlie and Margaret quickly find themselves on a flight to sunny Los Angeles, where they'll face off against a dazzling world of stars and studios. At the center of their investigation is Frank Sinatra, a close friend of President John F. Kennedy and a rumored mob crony, whom Charlie and Margaret must befriend to get the inside scoop. But in a town built on illusions, where friends and foes all look alike, nothing is easy, and drinks by the pool at the Sands and late-night adventures with the Rat Pack soon lead to a body in the trunk of their car. Before they know it, Charlie and Margaret are being pursued by sinister forces from Hollywood's stages to the newly founded Church of Scientology, facing off against the darkest and most secret side of Hollywood's power. As the Academy Awards loom, and someone near and dear to Margaret goes missing, Charlie and Margaret find the clock is not only ticking but running out. Someone out there knows what they've uncovered and can't let them leave alive. Corruption and ambition form a deadly mix in this fast-paced sequel to *The Hellfire Club*.

For more than sixty years, The Wall Street Journal has prided itself not just on its serious journalism, but also on the whimsical and arcane stories that amuse and delight its readers. In that regard, animal stories have proven to be the most beloved of all. Now, veteran Journal reporter and Page One editor Ken Wells gathers the finest, funniest, and most fascinating of these animal tales in one exceptional book. Here are lighthearted, witty stories of breakthroughs in goldfish surgery, the untiring efforts of British animal lovers who guide lovesick toads across dangerous motorways, and the quest to tame doggy anxieties by prescribing the human pacifier Prozac. Other pieces reflect on mankind's impact on the animal kingdom: a close-up look at the nascent fish-rights movement, the retirement of U.S. Air Force chimpanzees that once soared through space, and ongoing scientific efforts to defeat that most hardy enemy -- the cockroach. Each of these fifty-odd stories -- from the outlandish to the poignant -- exemplifies the superb feature writing that makes The Wall Street Journal one of America's best-written newspapers. This charming and utterly captivating collection will be a joy not only to animal lovers, but to all those who appreciate artful storytelling by writers who are obviously having a wonderful time spinning the tales.

The best-selling author of *Hitler: Ascent* and *Hitler: Downfall* reconstructs the chaotic, otherworldly last days of Nazi Germany. In a bunker deep below Berlin's Old Reich Chancellery, Adolf Hitler and his new bride, Eva Braun, took their own lives just after 3:00 p.m. on April 30, 1945—Hitler by gunshot to the temple, Braun by ingesting cyanide. But the Führer's suicide did not instantly end either Nazism or the Second World War in Europe. Far from it: the eight days that followed were among the most traumatic in modern history, witnessing not only the final paroxysms of bloodshed and the frantic surrender of the Wehrmacht, but the total disintegration of the once-mighty Third Reich. In *Eight Days*

in May, the award-winning historian and Hitler biographer Volker Ullrich draws on an astonishing variety of sources, including diaries and letters of ordinary Germans, to narrate a society's descent into Hobbesian chaos. In the town of Demmin in the north, residents succumbed to madness and committed mass suicide. In Berlin, Soviet soldiers raped German civilians on a near-unprecedented scale. In Nazi-occupied Prague, Czech insurgents led an uprising in the hope that General George S. Patton would come to their aid but were brutally put down by German units in the city. Throughout the remains of Third Reich, huge numbers of people were on the move, creating a surrealistic tableau: death marches of concentration-camp inmates crossed paths with retreating Wehrmacht soldiers and groups of refugees; columns of POWs encountered those of liberated slave laborers and bombed-out people returning home. A taut, propulsive narrative, *Eight Days in May* takes us inside the phantomlike regime of Hitler's chosen successor, Admiral Karl Dönitz, revealing how the desperate attempt to impose order utterly failed, as frontline soldiers deserted and Nazi Party fanatics called on German civilians to martyr themselves in a last stand against encroaching Allied forces. In truth, however, the post-Hitler government represented continuity more than change: its leaders categorically refused to take responsibility for their crimes against humanity, an attitude typical not just of the Nazi elite but also of large segments of the German populace. The consequences would be severe. *Eight Days in May* is not only an indispensable account of the Nazi endgame, but a historic work that brilliantly examines the costs of mass delusion.

From America's most authoritative source: the quintessential primer on understanding and managing your money *Money* courses through just about every corner of our lives and has an impact on the way we live today and how we'll be able to live in the future. Understanding your money, and getting it to work for you, has never been more important than it is today, as more and more of us are called upon to manage every aspect of our financial lives, from managing day-to-day living expenses to planning a college savings fund and, ultimately, retirement. From *The Wall Street Journal*, the most trusted name in financial and money matters, this indispensable book takes the mystery out of personal finance. Start with the basics, learn how they work, and you'll become a better steward of your own money, today and in the future. Consider *The Wall Street Journal Complete Personal Finance Guidebook* your cheat sheet to the finances of your life. This book will help you:

- Understand the nuts and bolts of managing your money: banking, investing, borrowing, insurance, credit cards, taxes, and more
- Establish realistic budgets and savings plans
- Develop an investment strategy that makes sense for you
- Make the right financial decisions about real estate
- Plan for retirement intelligently

Also available—the companion to this guidebook: *The Wall Street Journal Personal Finance Workbook*, by Jeff D. Opdyke Get your financial life in order with help from *The Wall Street Journal*. Look for:

- *The Wall Street Journal Complete Real Estate Investing Guidebook*

Unravel the Mysteries of the Financial Markets—the Language, the Players, and the Strategies for Success Understanding money and investing has never been more important than it is today, as many of us are called upon to manage our own retirement planning, college savings funds, and health-care costs. Up-to-date and expertly written, *The Wall Street Journal Complete Money and Investing Guidebook* provides investors with a simple—but not simplistic—grounding in the world of finance. It breaks down the basics of how money and investing work, explaining:

- What must-have information you need to invest in stocks, bonds, and mutual funds
- How to see through the inscrutable theories and arcane jargon of financial insiders and advisers
- What market players, investing strategies, and money and investing history you should know
- Why individual investors should pay attention to the economy

Written in a clear, engaging style by Dave Kansas, one of America's top business journalists and editor of *The Wall Street Journal Money & Investing* section, this straightforward book is full of helpful charts, graphs, and illustrations and is an essential source for novice and experienced investors alike. Get your financial life in order with help from *The Wall Street Journal*. Look for:

Almost Everything You Need to Know About Leading the Good Life Too many decisions. Too many choices. What today's smart consumer must have is a money-and-time-saving guide for conducting the "business of life"—both the big challenges, such as getting top-notch health care for the family and the best education for the kids, and the pleasurable ones, like plotting the family summer vacation. Nancy Keates and her expert colleagues at The Wall Street Journal provide all-new material that gives the lowdown on: *The Savvy Traveler*: How to cut to the chase and not only avoid the indignity of cramped plane seats and overpriced tickets, but also get the best and safest seats at the same time. *The Fine Art of Dining and Drinking*: Landing the hottest table in town—at a discount; picking wine without becoming a wine snob; and learning about "barley matters"—the newest, hottest beers. *How to Speak Geek*: Demystifying tech trends, with smart advice on not only what high-tech gadgets to buy but how to shop for them. *Everything You Need to Know About Buying, Selling and Financing a Car*: How to get the best and safest vehicle at the best price. *Real Estate*: Will the bubble burst? Here's how to be an informed buyer and seller along with the basics of remodeling and designing your home. *How to Be an Informed Patient*: Choosing a hospital, playing private investigator with your M.D., and learning about the tests you really ought to have (even if you have to pay for them yourself). *Getting Real Bang for Your Education Bucks*: What you need to know from preschool through college and graduate school. *The Great Balancing Act*: Managing work and family, and finding out how to avoid the overstretched child and parent syndromes. *Financing Your Life*: It was easy in the 1990s, but the world has changed dramatically. Here's how to deal with the new world of saving, investing and borrowing money. *Shopping*: The New Sex? Throw away your Kama Sutra. The number one thrill in shopping is getting a good deal—here's how to play the game and get the best stuff at the best price. *The Wall Street Journal Guide to the Business of Life* is both an instruction manual for living life to the fullest and a fun read about what really matters in the day-to-day. It has all the basic insight and information you need to navigate through life along with hilarious side trips such as "The Three-Decorator Experience" and "Cruises: Sailing New Waters."

The extraordinary sixty-thousand-year history of how the Pacific islands were settled.

A Thousand Steps is a beguiling thriller, an incisive coming-of-age story, and a vivid portrait of a turbulent time and place by three-time Edgar Award winner and New York Times bestselling author T. Jefferson Parker. Laguna Beach, California, 1968. The Age of Aquarius is in full swing. Timothy Leary is a rock star. LSD is God. Folks from all over are flocking to Laguna, seeking peace, love, and enlightenment. Matt Anthony is just trying get by. Matt is sixteen, broke, and never sure where his next meal is coming from. Mom's a stoner, his deadbeat dad is a no-show, his brother's fighting in Nam . . . and his big sister Jazz has just gone missing. The cops figure she's just another runaway hippie chick, enjoying a summer of love, but Matt doesn't believe it. Not after another missing girl turns up dead on the beach. All Matt really wants to do is get his driver's license and ask out the girl he's been crushing on since fourth grade, yet it's up to him to find his sister. But in a town where the cops don't trust the hippies and the hippies don't trust the cops, uncovering what's really happened to Jazz is going to force him to grow up fast. If it's not already too late. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

Over six terrifying, desperate days in October 1929, the fabulous fortune that Americans had built in stocks plunged with a fervor never seen before. At first, the drop seemed like a mistake, a mere glitch in the system. But as the decline gathered steam, so did the destruction. Over twenty-five billion dollars in individual wealth was lost, vanished, gone. People watched their dreams fade before their very eyes. Investing in the stock market would never be the same. Here, Wall Street Journal bureau chief Karen

Blumenthal chronicles the six-day period that brought the country to its knees, from fascinating tales of key stock-market players, like Michael J. Meehan, an immigrant who started his career hustling cigars outside theaters and helped convince thousands to gamble their hard-earned money as never before, to riveting accounts of the power struggles between Wall Street and Washington, to poignant stories from those who lost their savings—and more—to the allure of stocks and the power of greed. For young readers living in an era of stock-market fascination, this engrossing account explains stock-market fundamentals while bringing to life the darkest days of the mammoth crash of 1929.

The conservative, thoughtful, thrifty investor's guide to building a real-estate empire. Profitable real-estate investing opportunities exist everywhere as long as you know what to look for and understand how to make prudent deals that transform property into profits. David Crook, of The Wall Street Journal, shows how to make safe and sane investments that ensure a good night's sleep as your real-estate portfolio grows, your properties appreciate and your income increases. The Wall Street Journal Complete Real-Estate Investing Guidebook offers the most authoritative information on:

- Why real-estate investing is a great wealth-building alternative to stocks and bonds and why it's crucial that you avoid get-rich schemes
- How to get the financing and make the contacts to get started
- How to start small and local, be hands-on and go step-by-step with a vacation home to rent out, a pure rental property or a small apartment building
- How to find and value great properties, do the numbers and ensure you have that beautiful thing called cash flow
- How the government blesses real-estate investors with tax breaks and loopholes, and how you can be one of the anointed
- How to deal with the nuts-and-bolts of being a landlord and have a strife-free relationship with your tenants
